Die Gartenschau in Bad Zwischenahn

With growing pleasure.

One of the most beautiful
parks in Germany!

The Park. A Paradise in the North West.

The Gardens. Over 40 inspiring examples for your garden.

The Plants. 36 Plant Collections not only fascinate Experts.

There are places so remarkably beautiful that one should see them at least once in a life time - like the Park of Gardens - Germany's biggest installation of model gardens.

On 140.000 square meters (34.6 acres) you can find ideas and inspiration for your own garden, immerse into the wonderworlds of plants or just relax. You can experience this and much more in this unique garden show for all generations, year after year.

Over **90 model gardens, plant collections and presentations** as well as tens of thousands of spring and sommer flowers constantly offer fascinating and impressive views on garden culture.

Here you enjoy nature with all of your senses. A special experience for EVERYONE.

Including play grounds, food service and events - **this is pure garden delight!**

You are looking for ideas and inspiration for your own garden? Then you have come to right place.

The model gardens present a unique variety of professional, modern as well as trendy examples of extraordinary green oases. Beautiful garden furniture, special arrangements and decorations let the model gardens appear as a magnificent walkable idea book.

Be amazed by Germany's largest show garden, relish, inform yourself, see, test and feel.

From a close-to-nature garden to modern pool gardens - **there's something for everyone.**

„This beautiful garden surpasses everything we have seen before. Even far better than the State Garden Show. Thank you for this experience.“

Guest book entry from H. and B. Barth from Hann. Münden

The 36 plant **assortments and collections, some of which are internationally unique**, are not only highly valued by experts but also by hobby gardeners.

Enjoy a spectacular firework of petals, dive into a divine ocean of thousands of spring- and sommerflowers and an unbelievably botanical diversity: over 9,000 labelled plants surprise you in their own unique way - **over and over again.**

The green Treasure Chest. An interactive Experience.

The **hands-on exposition „Green Treasure Chest“** located at the visitor centre shows the relevance of plants and gives comprehensive possibilities on research on plants in the parc and questions about the garden.

The various interactive exhibits and the park's great plant diversity distinctively **unite theory and practice.**

Events. Some Highlights:

When „Culture in the Garden“ meets „Garden Culture“ the park turns into a vibrant meeting point for young and old.

Park events have something special for everyone.

Thousands of visitors are attracted by the great radiance of the „green“ and cultural events.

PflanzenWELTEN im Park

The blossoming park enlightens spring and invites you to stroll, observe and buy. The popular garden fleamarket and flamboyant plantmarket impress with wonderful offers. A green seduction!

Spielen im Park

Discover the park NATUREally! A vivid game collection in the open with familiar and new game ideas for the whole family - from age 4 to 99. Excercise and fun are guaranteed. Really cool!

Illumination – Lichtzauber im Park

Feel what makes the night special in the blue hour and call it a pleasurable day. The inspiring illumination of the garden with unique effects invite you to experience the parc in a special light. Pure Relief!

Herbstmarkt im Park

On this day it's all about the crunchy fitness enhancer: Apples! Delicious attractions invigorate this traditional day all around this healthy fruit. Among others, variety determination and exhibition. All in perfect shape!
